The measures include extending: 1) the deadline for vehicle registrations to the last business day of the subsequent month the registration was otherwise due for registrants where the county license plate issuing office was closed during the month the registration was originally due; 2) the 20-day registration requirement where the county licensing office was closed and the registrant didn't have access to it; 3) vehicle registrations and renewals under the International Registration Plan where the office was closed during the month the registration was originally due; and 4) penalty charges associated with registrations, renewals, and tax payments. The extension of time provided in the Commissioner's order is valid from Jan. 1 and will expire on June 30.

² **Alaska:** Alaska Governor Mike Dunleavy has issued a series of COVID-19 Outbreak Health Orders following the issuance of the Public Health Disaster Emergency Declaration effective November 16, 2020 due to the outbreak of the COVID-19 virus in the State of Alaska. Effective November 16, 2020 at 12:01am, Order No. 1, Suspension of Regulations and Statutes, suspends certain regulations and statutes to allow agencies to best address the COVID-19 emergency. The regulations and statutes set for in Appendix A to this order include Alaska Statute section 28.10.321(a), and as such there is a suspension of the requirement for a new owner of a vehicle to present certificates of title and registration properly endorsed to DMV, apply for a new title, and register the vehicle as upon an original registration.

³ **Arizona:** In order to safely and efficiently serve customers during the ongoing health situation, the Arizona Department of Transportation Motor Vehicle Division will limit office visits to only those customers who need essential services that must be done in person.

⁴ **Arkansas:** Ark. Code Ann. § 27-14-1004(a) imposes a late registration penalty of \$3.00 for each ten days a person fails to properly register a motor vehicle until the penalty reaches the same amount as the annual license fee of the vehicle, which may range from \$17.00 to \$30.00. Under Executive Orders 20-06 and 20-16, DFA has suspended until the COVID-19 emergency subsides the penalty under Ark. Code Ann. § 27-14-1004(a) for the late registration of a motor vehicle or the late renewal of a registration of a motor vehicle. DFA has also suspended until the COVID-19 emergency subsides the requirement under Ark. Code Ann. § 27-14-1015 and Act 465 of 1967, § 17 that a person provide proof of property tax assessment and payment of tax due for purposes of motor vehicle registration and renewal of registration.

The Department resumed road testing services for driver's licenses as well as new vehicle registration services on June 30, 2020 at select DMV locations. Governor Lamont authorized DMV to extend renewal deadlines (license only) to reduce crowds at DMV branches; and is ordering a 180-day extension. DMV, with the approval of Governor Ned Lamont, is extending deadlines for expiring credentials. The change impacts credentials that expired between March 10, 2020 thru November 30, 2020. Late fees will be waived for qualifying credentials. Deadlines have been extended for the following DMV transactions: all licenses, permits and identification cards, including commercial driver's licenses; motor vehicle and boat registrations, emissions testing and retesting; and permanent disability placards.

⁹ **District of Columbia:** The DC Department of Motor Vehicle will resume in-person services beginning Tuesday, June 23, 2020 as part of Phase Two. DMV has extended the expiration date for all documents expiring March 1 through the duration of the public health emergency, including driver licenses, identification cards, vehicle registrations, inspections, ticket payments and ticket adjudication responses, until 45 days after the health emergency concludes. All driver licenses, vehicle registrations, and vehicle inspections scheduled to expire have been granted a waiver without penalty until DC DMV reopens at full operating capacity.

¹² **Hawaii:** Safety inspection stations for commercial motor vehicles, (i.e., a motor vehicle that is over 10,000 pounds GVWR) are being performed but by appointment only. Safety check certificates and stickers expiring on or before May 31, 2020, will remain valid until August 31, 2020. All other safety checks that expire in 2020 will be valid for an additional 3 months after the 2020 expiration date. HDOT is extending the safety check waiver to minimize unnecessary face-to-face interactions and to provide enough time for Periodic Inspection of Motor Vehicle (PMVI) stations, counties, and people to conduct and process safety checks once the stay-at-home order ends. Motor vehicle registration fees and any applicable penalty fees for late registration have not changed. These funds are necessary to meet the local share of upcoming stimulus projects for road construction and maintenance. You can do renewals for registration by mail, online, or through available kiosks. In consideration of Governor Ige allowing the reopening of low risk businesses that take necessary precautions, the Hawai'i Department of Transportation (HDOT) is coordinating the reopening of stations for Periodic Motor Vehicle Inspections (PMVI or Safety Checks) starting Friday, May 15.

¹³ **Idaho:** Effective immediately, the Idaho Transportation Department has also extended all Vehicle Registrations and Temporary Handicap Placards that are expired or will expire between March 1, 2020 and May 31, 2020, to be valid until June 30, 2020. This extension applies to all registrations issued at a county office (includes passenger, commercial, non-commercial, and farm registered vehicles). At this time, the extension does not apply to registrations issued directly by the department or Ports of Entry (includes Full Fee or IRP registered commercial vehicles). New issuances and renewals of these registration types can be done online. Effective immediately the Idaho Transportation Department is allowing all Idaho licensed vehicle dealers to issue 60 day temporary registration permits for any vehicles sold between March 17, 2020 and May 31, 2020. This allowance is only for dealership customers who have just purchased a vehicle from the same dealer issuing the temporary registration. Additionally, on October 29, 2020 the Idaho Transportation Department Division of Motor Vehicles announced that it is providing an extension on expiring vehicle registrations and driver's licenses. In an effort to reduce wait times at county DMV offices, non-commercial vehicle registrations and driver's licenses that expire between September and December 2020, now have until January 31, 2021 to renew.

On July 9, 2020, the SOS announced that expiration dates for driver's licenses/ID cards and license plate stickers have been extended an additional month – from Oct. 1, 2020, to Nov. 1, 2020. Pursuant to the powers vested in the Secretary of State by Public Act 101-0640 and Executive Order 2021-01, any motor vehicle registrations that expired on November 30, 2020 and December 31, 2020 are extended through March 31, 2021. Effective March 31, 2020, Indiana Department of Revenue (DOR) Commissioner Bob Grennes has waived several Motor Carrier Services (MCS) requirements until May 22, 2020. The waivers affect: (1) Out-of-state motor carriers who are delivering COVID-19 supplies do not need to obtain trip permits or register with the International Registration Plan (IRP) or the International Fuel Tax Agreement (IFTA) before entering Indiana. This waiver will expire on May 22, 2020; (2) IRP or Base Plate registrations (BPR) expiring on March 31, 2020, or April 30, 2020, will not expire until May 31, 2020. ²⁰ **Maine:** The Bureau of Motor Vehicles reopened to the public, by appointment only, on Monday, June 1, 2020. The Maine Governor June 26 issued an executive to modify the meaning of 'vehicle' as provided in Executive Order 53-A FY 19/20 for excise tax purposes. The order includes measures: 1) amending the meaning of 'vehicle' to include a motor vehicle and trailer; 2) providing that 'registration' includes temporary registrations; and 3) lifting the interim suspension on statutory all-terrain vehicle, snowmobile, and watercraft registrations. The order took effect June 26. On May 26, 2020, Gov. Janet Mills signed Executive Order #53-A, which sets guidelines for vehicle registrations during this state of emergency. According to this order, if a person can register their vehicle through their municipality or Bureau of Motor Vehicle Office they are advised to do so as soon as possible. If a registrant's municipal office or the Bureau of Motor Vehicles office is processing vehicle and trailer registrations, the registrant must complete this transaction no later than July 11, 2020 or by the deadline set by their municipality, whichever is sooner. If the municipality is not processing registrations during the BMV closure, and the applicant cannot complete the transaction online using the Rapid Renewal service (in participating towns), the registration is extended or exempt until such time as the municipal office or BMV can perform the work. For those who have purchased a motor vehicle or trailer in a private sale, or received the vehicle by transfer of ownership, and subsequently cannot register by virtue of their municipality and BMV being unable to perform that function, they are advised to print and retain a new "temporary registration" letter. This letter will serve as a temporary registration until such time that the municipality or BMV is able to complete the registration process. This applies to registrations issued by municipalities or the Bureau of Motor Vehicles, and also to temporary registrations issued by dealers. The State of Maine recognizes the need of individuals, families, and businesses for transportation, work and commerce during the emergency. These registrations can be renewed after the emergency ends. Registrations issued by a municipality, including temporary registrations, are deemed extended until 30 days following the termination of the state of emergency pursuant to P.L. 2019, ch. 617, F-1, emergency laws approved by the Governor on March 18, 2020. Other registrations, including temporary registrations, will be extended until 30 days following the termination of the state of emergency pursuant to the emergency provision of 29-A MRSA 405(4). Linked below is a temporary registration letter that may be presented to law enforcement to evidence the extension of temporary registrations pursuant to the executive provision. A second set of registration extensions were provided by Maine's governor by Executive Order No. 15 FY 20/21 on October 19, 2020.

- Vehicles purchased between January 1, 2020 through March 15, 2020 and vehicles with registrations that expired before March 15: Register immediately.
- Vehicles purchased between March 15-May 31, 2020 and vehicles with registrations that expired during that period: Register no later than Dec. 18, 2020.
- Vehicles purchased June 1, 2020 through September 30, 2020 and vehicles with registrations that expired during that period: Register no later than Feb. 16, 2021.
- Vehicles purchased on or after Oct. 1, 2020 and vehicles with registrations that expired during that period: Register as soon as possible, in accordance with Maine motor vehicle law:
- Temporary plates on new vehicles are valid through the expiration date on the plate and the vehicle must be registered prior to the temporary plate's expiration to avoid penalties.
- Vehicles with registrations that expire in October should be registered ASAP or no later than Oct. 31 to avoid penalties.

²¹ **Maryland:** The Maryland Department of Transportation Motor Vehicle Administration (MDOT MVA) has reopened branch offices to the public by appointment only beginning on Monday, June 22. Governor Hogan has ordered an extension of all driver's and business licensed, identification cards, permits, registrations with expiration dates beginning March 12 until the end of the state of emergency. As a result, they will not expire until 30 days after the state of emergency has been lifted. With respect to penalties and fees for late titlework and registrations, Md. Code Ann. Transp. § 13-808(1) provides that MVA is not able to issue a certificate of title for a vehicle until the paperwork and excise tax is paid to MDOT MVA. It is also a requirement that the excise tax and paperwork must be submitted within 30 days of the delivery of the vehicle. Governor Larry Hogan declared a state of emergency on March 5, 2020, in response to the COVID-19 pandemic. MDOT MVA in consultation with the Maryland State Police Automotive Safety Enforcement Division will accept an MSI that is expired beyond the 90-day period but not to exceed 120 days. This will be valid for MSIs processed on or after March 5, 2020. These transactions will need to be walked into MDOT MVA Branch Office for processing. Inspections expired for 121 days or more will need to go through the reinspection process. MDOT MVA is currently waiving the 60-day Excise Tax credit requirement until 30 days after the Governor's Executive order is lifted. Transactions of this type will need to be walked into a MDOT MVA Branch Office for processing. On October 13, 2020, MDOT MVA announced the reopening of all Vehicle Emissions Inspection Program (VEIP) stations statewide beginning October 19, 2020.

The only transactions that will be processed at service centers are those that require an in-person transaction, including Commercial Driving Licenses or Permits (CDLs / CLPs), some new registrations, out of state conversions and new Mass IDs. By notice of May 26, 2020, all passenger plate registrations that have expired or will expire in March, April, and May 2020 have been extended until July 31, 2020. The RMV has also applied a 30-day extension to registrations that expire in June, which will now expire on July 31, 2020. Registration renewals can continue to be performed online at Mass.Gov/RMV during this time. The annual motor vehicle safety and emissions inspection stickers that have expired or will expire in March, April, and May 2020 have been extended until July 31, 2020. No additional extensions will be applied, and inspection stations are open at their discretion within the public health guidelines to perform this work.

²³ **Michigan:** As enacted into law effective July 1, 2020, Senate Bills 876, 877, and 878 (2020 Michigan Public Acts Nos. 127, 128, and 129) provide that state ID cards, vehicle registrations, and driver licenses, permits, endorsements, and certifications that expire on or after March 1, 2020, are valid until September 30, 2020. This includes temporary registrations and registrations for those vehicles that are used for commercial purposes and commercial registrations issued under the International Registration Plan. As enacted into law effective October 28, 2020, House Bill 6192 (2020 Michigan Public Act No. 241) amends the Michigan Vehicle Code to provide that certain licenses and registrations that expire on or after March 1, 2020, are valid until December 11, 2020 or as specified (previously, until September 30, 2020 or as specified). The bill also provides that late fees cannot be assessed on vehicles whose registrations expire on or after March 1, 2020, but are renewed before December 11, 2020 (previously, September 30, 2020).

²⁴ **Minnesota:** Minnesotans will once again be able to access the majority of driver and vehicle services starting May 19 at 8 a.m. DPS-DVS is reopening 14 exam stations to serve customers statewide on May 19. The Brainerd exam station was scheduled to reopen May 19, but will be delayed due to a fire in Brainerd City Hall. These locations will reopen: St. Paul, Arden Hills, Anoka, Eagan, Plymouth, Rochester, Mankato, Marshall, Willmar, Detroit Lakes, St. Cloud, Duluth, Grand Rapids, and Bemidji.. Although vehicle registrations have not been extended, Gov. Walz signed a bill into law March 28 that provides an extension for Minnesotans whose driver's licenses or ID cards expire during the peacetime emergency. The law extends the expiration date for any valid driver's license, instruction permit, provisional license, operator's permit, limited license, and farm work license that would expire during the peacetime emergency. The expiration dates for these licenses will be extended for two months after the month the peacetime emergency ends.

³⁴ **North Carolina:** On May 4, 2020, Governor Cooper extended expiration dates for N.C. Division of Motor Vehicles credentials by enacting into law Session Law 2020-3 (Senate Bill 704). People whose credentials expired between March 1, 2020 and Aug. 1, 2020 have been given a one-time, five-month extension (from the original expiration date) to renew driver licenses and handle vehicle registrations. Any fines and fees related to expired credentials are being temporarily waived. Customers who already paid a \$15 fee for a late renewal in March or April will be reimbursed. This language does not change the original expiration date of the driver license or vehicle registration renewal; it only provides a one-time extension. The five-month extension applies to any credential that expire on or after March 1 and before August 31st, including temporary vehicle registrations and vehicle inspection authorizations. Based on guidance from the North Carolina Department of Revenue: (1) a valid inspection will be required before a renewal can be processed; (2) the renewal month will not be changed, meaning that if the registration expired in March 2020, the citizen will have to renew again in March 2021; (3) late fees apply beginning the day after the 5-month extension deadline, and interest 15 days after the 5-month extension deadline; (4) limited registration plates (LRPs) that expire and accrue interest during the months covered by the order will have interest waived; and (5) if a registrant has a renewal or LRP that falls within the months covered by the order and has already paid penalties and/or interest on a late payment, he or she will they receive a refund.

³⁸ **Oregon:** DMV has been expanding the number of offices open to the public by appointment only as well as the types of transactions that can be completed, and the Oregon Department of Environmental Quality reopened several of its Portland metro locations on Tuesday, June 16, 2020. The Department of Transportation has partnered with Oregon law enforcement agencies to exercise discretion in their enforcement of driver licenses, vehicle registrations and trip permits that expire during the COVID-19 emergency. Oregon State Police, Oregon Association of Chiefs of Police, and Oregon State Sheriffs' Association have agreed to support a grace period for enforcing expired credentials. The Oregon law enforcement citation moratorium for expired driver licenses, permits, ID cards, and vehicle registration has been extended through Oct. 1. The grace period is intended to allow Oregon residents to continue driving while they are waiting for an appointment and DMV works through the backlog due to COVID-19 restrictions. Law enforcement can verify the status of a driver or vehicle electronically during a traffic stop.

Governor Kate Brown signed into law Senate Bill 1601 on July 7, 2020. The bill passed the Oregon Legislature during the 1st Special Session of 2020 (2020 Or. Laws ch. 15 (Spec Sess.). Section 21 of Senate Bill 1601 creates a moratorium for certain traffic violations between March 1, 2020 and December 31, 2020 in response to the COVID-19 pandemic and subsequent closure of DMV field offices. Senate Bill 1601 prevents a police officer from issuing the following traffic citations: Unlawful parking in a space reserved for persons with disabilities under ORS 811.615; Failure to register a vehicle under ORS 803.300; Failure to pay the appropriate registration fee under ORS 803.315; Permitting unlawful operation of an unregistered vehicle under ORS 803.320; Purchase and use of an out-of-state registered vehicle by a resident under ORS 803.325; Failure to surrender out-of-state registration under ORS 803.380; Failure to submit a declaration of weight under ORS 803.440; Failure to renew vehicle registration under ORS 803.455; Improper display of validating stickers under ORS 803.560; Failure of a person to hold a trip permit when required under ORS 803.600(10). Additionally, Senate Bill 1601 directs the courts to dismiss any of the violations listed above between March 1, 2020 and December 31, 2020. Oregon residents with a vehicle registration, permit or driver license expiring between Nov. 1, 2020, and April 30, 2021, have up to three months after their expiration date without being cited by law enforcement for an expired license or tags. The Oregon Department of Transportation and Oregon law enforcement agencies agreed to the new grace period as DMV catches up with a backlog due to COVID-19 restrictions. Under the agreement, Oregon law enforcement officers will exercise more discretion for recently expired licenses and registration before choosing whether to write a citation. Law enforcement can verify the status of a driver or vehicle registration electronically during a traffic stop.

⁴⁵ **Texas:** On March 13, 2020, Governor Greg Abbott issued a proclamation, declaring a state of disaster for all counties in Texas due to the threat of COVID-19. Governor Abbott also issued a statement on March 16, 2020, granting a temporary extension to obtain initial registration, renewal of registration, vehicle titling, and renewal of a permanent disabled parking placard. Governor Abbott also granted a temporary extension for an individual with an expired 30-day temporary permit to obtain another permit or Texas registration. The temporary waiver applies to vehicle owners in all Texas counties as set forth in the above-referenced proclamation and statement. This temporary waiver is in effect until 60 days after TxDMV notifies the public that normal vehicle registration, vehicle titling and related services have resumed. The 60-day period will be the same for all counties. The purpose of the waiver is to prevent customers from having to physically visit a county tax assessor-collector office to obtain initial registration, to obtain a 30-day temporary permit, to transfer title; or to renew registration or a permanent disabled parking placard. Customers may continue to renew their registration online at www.TxDmv.gov. At this time, TxDMV continues to fill online registration sticker requests and process all other online services. TxDMV has informed law enforcement agencies and the offices of the county tax assessor-collectors of the temporary waiver. To preserve the TxDMV's accommodation, the Texas Comptroller of Public Accounts is providing an extension of up to 90 days past the original due date to pay the motor vehicle tax due on these purchases. The Comptroller's office is authorized to make this extension by Section 111.051(b) of the Texas Tax Code. Late penalties will be assessed as if the last day of the extension is the original due date. Moreover, an extension has been provided for vehicle inspections; when the state of emergency has passed you will have 60 days to have your vehicle inspected and complete the registration process. The temporary waiver of certain vehicle title and registration requirements, announced by Governor Greg Abbott on March 16, 2020, due to the COVID-19 pandemic, will end on April 14, 2021.

⁴⁶ **Utah:** Beginning Friday, May 1, 2020, the following DMV Office lobbies will reopen by appointment only: Salt Lake, South Valley, Farmington, Ogden and Provo. Appointments are needed for the following services: title and registration, disabled placard, impound release, revoked registration, insurance reinstatement and other urgent need transactions. In order to provide additional time to acquire a required emission test you may go online and receive a temporary operating permit prior to completing an emission test. Registration fees will be required. As of Thursday April 2, 2020, online temporary permit time frames have been extended from 15 days to 30 days. On Wednesday, April 29, 2020, Gov. Gary Herbert issued an executive order that suspends enforcement of vehicle registration laws through May 15.

Commercial Driver Licenses which are due for renewal on or after March 1, 2020, are valid until June 30, 2020. This waiver does not apply to a CDL or CLP holder if the driver's license expired before March 1, 2020. This waiver does not apply to a CDL or CLP holder if the driver's privileges have been suspended or withdrawn for traffic offenses. On Friday April 10, 2020, Governor Phil Scott extended Vermont's State of Emergency through May 15, which also extends the expiration date of all corresponding orders and directives issued in response to the COVID-19 pandemic. In addition to extending the State of Emergency, this order also addressed the following technical change and clarification: Effective immediately: Motor vehicle inspections due in April 2020 have been extended for 60 days. The GREEN "4" will not be required to be inspected on the last day of April and will have an additional 60 days to have that service performed. No enforcement action should be taken during that 60-day extension. Until further notice, the "valid registration" requirement to pass a Vermont Safety Inspection is lifted for a 90-day period beyond the registration

⁴⁸ **Virginia:** Beginning May 18, 2020, DMV locations will open in phases through mid-summer. An office can only reopen once it has been prepared to provide adequate social distancing and clear plastic partitions have been installed on front counters creating a safe separation between customers and employees. Governor Ralph Northam has amended Executive Directive Seven (ED 7) to further extend the validity of credentials issued by the Virginia Department of Motor Vehicles (DMV) to accommodate Virginians with expiring driver's licenses, identification cards, and vehicle registrations. This extension provides up to an additional 90 days to renew these important credentials while DMV safely and carefully continues to reopen customer service centers with appointment-only service. The Fourth Amended ED 7 extends the validity of every driver, vehicle, special identification, and driver credential due to expire on or before July 31, 2020, for up to an additional 90 days not to exceed October 31, 2020. This extension is in addition to the prior extension of up to 90 days not to exceed August 31, 2020. March 15 and April 30: A customer whose credential expired between these dates will have an additional 90 days added to the prior 90 days, effectively 180 days, beyond the expiration date to renew. May 1 and July 31: Those with credentials expiring between these dates will have up to 90 more days beyond the expiration date, for a total of up to 180 days, not to exceed October 31, 2020. After July 31st: If a credential expires after July 31st, it must be renewed before its expiration date. Vehicle registrations have not been further extended by Governor Ralph Northam's Fifth Executive Directive 7, effective August 28, 2020, which extends the validity of some DMV credentials (mainly driver's licenses and similar permits).

⁵¹ **Wisconsin:** To reduce the need for travel and in-person interactions during the COVID 19 health emergency, Gov. Tony Evers today announced an extended deadline for vehicle emissions tests, which are required in southeastern Wisconsin. The extension affects vehicles Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Washington and Waukesha counties and makes the following changes:

- Customers who have a routine vehicle registration renewal date after March 12 and require an emission test will have 90 days from their renewal date to complete an emission test and maintain valid registration.
- Customers who obtained a new vehicle registration this year (January 26-March 12) will need to complete an emission test by June 10 to maintain valid registration.
- Customers who apply for, or obtained, new registration after March 12 (when the Governor's emergency Executive Order took effect) will have 90 days from their date of registration to complete an emission test and maintain valid registration. This gives customers another 45 days to complete the original requirement.

The 90-day extension period for vehicle emissions testing ends July 31, 2020.

⁵² **Wyoming:** To increase social distancing in support of the state's efforts to reduce the spread of COVID-19, the Wyoming Department of Transportation (WYDOT) urges the public to take advantage of the Executive Order Governor Mark Gordon issued allowing for a 90-day grace period for expired driver licenses and identification cards and not visit the Driver Services Offices for those and several related services during the outbreak. The Governor's Executive Order (2020-4), issued March 24, provides a 90-day grace period to those whose driver licenses and ID cards expire between March 15, 2020 through June 1, 2020. It also suspends non-commercial driving tests for 90 days and requires commercial tests to continue with the possibility of additional health-screening questions being asked. [Download the 90-day grace period letter](#) to carry with you if you have an expired driver license or state identification card. A 180-day grace period signed by Gov. Mark Gordon gives residents more time to renew their credentials.

⁵³ **Alberta:** Expiry dates for Alberta drivers' licences, vehicle registrations, other permits and certificates are being extended until May 15. Vehicle registrations expire on an assigned month based on the registrant's surname or a company name. Albertans with surnames or company names beginning with B, D, G, Y will now have until May 15, 2020 to renew their vehicle registrations. Based on informal guidance from Service Alberta, this extension applies to vehicle emissions and inspections deadlines.
